Implementation of a Management System for Quality and Hygiene, according to the BRC IOP standard for boxes and accessories in the food sector

After a constant growth in the sectors of pastry, ice-cream, catering and food service packaging and thanks to the positioning in national and international markets, POLOPLAST s.r.l. is glad to announce the achievement of another important goal.

Introduction

The steady growth and the new market opportunities has been seized with great ability from the management team. From the past decade the son and the two daughters of the senior manager contribute to the growth of the company in the main areas of the firm: **Production and Purchasing, Sales and Administration, Research and Development.**

In the past years, the company evolution required regular plants and production process investments. Due to this important evolution, the executive management decided to implement an evolutionary organizational approach in order to strengthen the achieved objectives and to qualify the production of the articles according to international standards in order to guarantee high reliability and food security to its clients.

Specifically, the certification achieved consists in:

Certification according to BRC/IOP ed. 4 standard

“Production of disposable PP and PS cups, lids, trays, spoons and dishes, produced by injection molding press for the food sector.”

The implementation of the Integrated System for Food Quality and Security introduced in the company a more structured concept of internal primary and support processes.

Furthermore, the project has been an important growth opportunity for the whole staff and for the executive management.

The normative fulfillments in the field of the production of materials and products addressed to the food market have been more consciously organized.

Therefore, the realized Management System enables the company to fulfill and document working procedures, controls and inspections as expected by the applicable norms in force.

The great involvement of all employees and the great motivation of the executive management enabled the

company to be awarded of two certifications with a great result.

Specifically:

Certification BRC/IOP ed. 04/2011 : evaluation "GRADE A" maximum achievable grade.

The following are the certificates awarded for the two production factories.

DNV BUSINESS ASSURANCE
BRC / IOP CERTIFICATE

Certificato No. / Certificate No. 131824-2013-ABRC IOP-ITA-ACCREDIA
